STATE OF MICHIGAN
DEPARTMENT OF TREASURY
LANSING

ROBERT J. KLEINE
STATE TREASURER

November 2006

The mission of the Michigan Department of Treasury's Student Financial Services Bureau is to excel in assisting citizens to pursue postsecondary education by providing equality of access to student financial resources and information. The Student Financial Services Bureau takes great pride in succeeding in its mission of providing access to information. The *Michigan Postsecondary Handbook* has been a valuable resource for college planning in Michigan.

In collaboration with the Michigan Departments of Community Health, Education, Labor and Economic Growth, State, and Transportation, I am pleased to announce the *2006-07 Michigan Postsecondary Handbook*. The handbook contains current information on admission requirements, campus characteristics, program offerings, and application procedures for each college and university in Michigan, as well as information pertaining to the various private occupational schools that are licensed or approved by Michigan agencies. Advanced Placement program information is also provided.

This comprehensive, but concise source of important information will assist a variety of professionals working with secondary, postsecondary, adult and continuing education students and their families. It is our hope you find this information useful as you assist students in obtaining their goal of a higher education.

If you have questions or need further information, please contact Patty Hill at 1-800-642-5626, extension 36051, or via email at hillpl@michigan.gov.

Sincerely,

A handwritten signature in cursive script that reads "Robert J. Kleine".
